14TH AVENUE STREET IMPROVEMENTS PROJECT

The City has contracted with Hatch Construction & Paving Inc. to complete the 14th Avenue Street Improvements project. This project consists the demolition and reconstruction of 14th Avenue from the Relation Street intersection to the north edge of the Stone Willow Way/Crimson Canyon Drive intersection. The finished project will include a 48-foot-wide asphaltic concrete paved road, with curb, gutter, and sidewalk on both sides. Drainage improvements include road regrading, catch basin construction, and drainage culvert installation. The pavement section includes lime stabilized soil, aggregate base course, and both $\frac{3}{4}$ and $\frac{1}{2}$ inch aggregate asphaltic concrete pavement. Lime stabilization and aggregate base course will also be placed beneath all sidewalk, curb, and gutter.

WHAT: 14th Avenue Street Improvements

WHEN: May 17, 2021 – August 4, 2021

WORK HOURS: 6:00 a.m. to 6:00 p.m., Monday - Friday

WHERE: 14th Avenue between Relation Street and Stone Willow Way/Crimson Canyon Drive
(map on following page)

PROJECT IMPACTS:

- Temporary road closures
- Heavy equipment traffic
- Construction noise and vibration
- Local traffic will be allowed to access residential areas and businesses during construction but will be required to follow designated detours.
- Pedestrian access may be limited on sidewalks and cross streets in construction zones.

ADVISORIES:

- Please obey all posted construction signs and do not enter the work construction zone.
- Please use caution when travelling through the project areas, and let's keep everyone safe.

Construction is a dynamic process and information is subject to change without notice.

Work activity is subject to weather conditions.
